

SMARTPOS^{NX}

DESIGNED FOR CONVENIENCE,
POWERED BY INNOVATION.

The SmartPOS NX by Advantex® is built for today's busy retail owner who wants big-store performance without big headaches. Whether you manage one store or two, SmartPOS NX helps you serve customers faster, track inventory with ease, and manage your business anywhere — all from a single, reliable system.

Power, Speed, and Simplicity in One Sleek POS System Designed for Retail

This next-generation POS combines cutting-edge technology, flexible software integration, and simple setup so you can focus on what matters most — your customers and your profits.

Upgrade your store with the technology, speed, and control you need to grow — start with SmartPOS NX today

All the Tools You Need to Sell Smarter:

Fast, Same-Day Setup – Plug in, connect to Wi-Fi or LAN, and start selling instantly.

Unlimited Users & Permissions – Add staff and customize access with flexible controls.

Flexible Payments – Works with 50+ payment processors and supports all major payment methods, including mobile and digital wallets.

Integrated Support – Get one-on-one training, free software updates, and Petrosoft's expert U.S.-based support team behind you every step of the way.

Why Retailers Choose SmartPOS NX

Small retail owners need tools that are powerful — but simple. SmartPOS NX gives you:

- **Ease of Use:** Get started fast without technical know-how.
- **Business Control:** Manage prices, employees, and reports all in one place.
- **Scalability:** Grow from one store to two (or more) with consistent systems.
- **Integration Power:** Seamlessly connects with C-Store Office®, Retail360®, and QuickServe® for unified management.
- **Peace of Mind:** Rugged design, rock-solid performance, and Petrosoft reliability.

Make Every Checkout Count — Switch to SmartPOS NX Today!

Take control of your business operations with a POS system designed for growth, flexibility, and success. Whether you're upgrading from outdated registers or ready to modernize your retail space, SmartPOS NX gives you the speed, insights, and reliability you need to thrive.
